Charges: Anthrax, Leptospirosis- Rs. 650 per sample

Note:

1. AQCS is fully empowered keeping in view biosecurity, health hazards, zoonosis, disease freedom of country, trade and have the right in larger National interest to recommend the test other than mentioned above inspect any cargo of any product at any time as and when required under pre and post arrival risk analysis since the disease outbreaks and hazards cannot be predicted always in advance as new diseases are emerging and old diseases re-emerging in new mode, host, carrier etc. There are many re-emerging diseases which can be transmitted to human and animals easily through the livestock products or the products can be infected at any stage like collection, storage, processing, handling, packing and transportation etc. Therefore the AQCS serves the right to inspect any consignments (s) under intimation to Customs and importer. The risk analysis on arrival is not STATIC.
2. HS codes may be checked as all categories are not known to AQCS. Importers can import by misdeclaration/misleading the authorities under different trade names.
3. The above testing charges are subject to change anytime based on the revision by concerned laboratories.
4. The tests recommended above are also subject to change (increase or decrease) during risk analysis on arrival as the risk analysis is not static.
5. The laboratories may also be added or change, keeping in view the availability of testing facilities.
6. The above testing recommendations are irrespective of compulsory testing, random testing and no testing status of the consignments as any cargo can be tested any time in the interest of National Health Security and mandate of AQCS.
