ONLINE SENSITISATION WORKSHOP ON EXPORT OF EGGS FROM INDIA

THURSDAY, 12TH OCTOBER, 2023 | 10.30 AM TO 1.00 PM.

Centre of Excellence for Animal Husbandry (CEAH-Bengaluru) – Animal Husbandry Academy of India under Government of India, Ministry of Fisheries, Animal Husbandry & Dairying, and Department of Animal Husbandry & Dairying is organising a sensitisation workshop on export of eggs from India on 12th October, 2023.

India is producing about 20 - 25 crore eggs per day. Tamil Nadu, Andhra Pradesh, Telangana, West Bengal, Punjab, Maharashtra, Karnataka and Kerala are the leading states in production of eggs in the country. Namakkal is the one district having a population of nearly about 6 crore layers and producing 5 crore eggs per day. However, export potential needs to be augmented considering newer opportunities of compartmentalization and growing demand of table eggs across Southeast Asia and Middle East. In this regard, the CEAH Bengaluru is organizing the **ONLINE WORKSHOP ON EXPORT OF EGGS FROM INDIA ON 12TH OCTOBER, 2023 FROM 10.30AM ONWARDS.**

Sri. G.N. Singh, Joint Secretary (Trade), will inaugurate the workshop. Dr. Mahesh P.S., Joint Commissioner & Director, CEAH will moderate the workshop. Dr. Biswas, Joint Commissioner, will be the key speaker. All AQCS Officers of India along with stake holders will address.
